

**Efficiently Moving Grain**

## **Grain Bag Unloader EX480X**

For 10-foot bags

**[www.akronag.com](http://www.akronag.com)**

# EX480X

## Technical Features

**GREAT CAPACITY!!! Up to 380 tonnes/hour  
Rolls up 9 and 10-ft bags up to 500-ft long.**

**-New rear driveshaft transmission with top and bottom right-angle gearboxes connected with each other by means of a cardan shaft.**

**- The cross augers' guards are free from obstacles for a better grain flow.**

**- Low-maintenance needed.**

**. Simple to adjust:** It is very easy to swing into transport or working position.

**. Modern design:** allows an easier unloading operation and minimizes the risk of bag damage.

**. Grain pusher:** It ensures a better end of bag.

**. The machine moves automatically as the bag is wound up by the roller.** Speed can be adjusted. It has a sturdy reduction gearbox.

**. Extra-reinforced chassis.**

**. Independent hydraulic controls.**

**. Adjustable knife** to cut the bag at the ideal angle.

**. Axles and tires:** Reinforced axle system to accommodate the extra weight when unloading in wet and soft ground conditions. High flotation tires (400 x 60 x 15.5").

**. Electrostatic polyurethane paint.**

<i>For bags of</i>	<i>9 and 10 feet.</i>
<i>Unloading Performance</i>	<i>Up to 380 tonnes/hour</i>
<i>Power Required</i>	<i>90 HP</i>
<i>Maximum hydraulic power</i>	<i>180 bar 60 LPM</i>
<i>Tube/ Auger Diameter</i>	<i>430 mm</i>
<i>Horizontal Auger Diameter</i>	<i>250 mm</i>
